What were your favourite subjects when you were at school?

My favourite subjects at school were English, Art and Drama. I liked using my imagination and being creative.

What is your favourite subject to teach?

Luckily I like teaching all the subjects, which is great when you're a Primary School Teacher (though I do think phonics and writing are probably near the top for me!)

What is your favourite book and why?

My favourite book series growing up were the Harry Potter books (I still love them now, many years later!) I also enjoy reading all the Julia Donaldson books to my current class – I think I like too many books to pick a favourite one!

What do you like best about teaching at Staplehurst?

I will be new at Staplehurst, so I can't wait to start in September! I am most looking forward to getting to know my class and all the other children and grown-ups. I have been teaching for 11 years and I still enjoy the fact that each day is different and fun when you're a teacher!

What did you want to be when you were younger?

When I was in Year 2 I wanted to be a dolphin trainer! I did get the chance to swim with dolphins in America but I later decided to teach children instead of dolphins!

What hobbies do you enjoy?

I enjoy spending time with my friends and family. I also like gardening and have just planted some baby trees in my garden, so my job is to make sure they're watered and growing well! I really like dinosaurs and I used to volunteer at The Natural History Museum in London. I also enjoy travelling and exploring different parts of the world! My favourite place I've been to was New Zealand!

What three words would describe you?

I think I am friendly, calm and kind!

If you were on a desert island what two things would you take with you?

I would take a camera and a notebook (with a pen) so I could look back and remember all of the amazing things I did and saw whilst I was there.
